Meet the Teacher Night

Dear Parents and Caregivers,

On Wednesday 22nd February, the staff and student community of St Agnes wish to invite you to an evening to meet your child's teachers and engage in conversation with them regarding teaching and learning as well as the pastoral initiatives that are on offer at St Agnes Catholic High School.

The evening will begin at 6pm where a brief presentation will be given regarding our school goals and the direction St Agnes has for the year, as well as opportunities for you to engage and become familiar with such programs as the school's Moodle, Assessment Handbook for Year 7 and beneficial tips for success in the first year of high school.

After the 20-minute presentation you will have the opportunity to meet staff that teach your child as well as enjoy a selection of finger food as you get to know other parents and students in Year 7. The sense of community is beneficial to life at St Agnes, not only for staff and students, but for parents to become involved in their child's learning and to also build relationships through the wider parent community.

Please return the note below to indicate that you are aware of this event and if you are attending.

Yours sincerely,

Mr Peter Brogan
Principal

__________________________________________________________________________
